Scope
Contributions from the following fields will be considered for publication:
- Taxonomy
- Phylogeny
- Biogeography

Further, contributions dealing with evolutionary aspects from the fields of morphology, physiology, ecology, ethology and palaeontology. (Authors of papers with mainly functional aspects are requested to submit their contributions to the cooperating journal Acta Zoologica.)

The following types of contributions are accepted:
- Papers based on original research.
- Review articles.

Contributions in these two categories are limited to 24 printed pages, unless the author pays in full for any pages exceeding 24.

Contributions may be written in English, French or German. All papers should have an abstract in English.

Manuscripts
Manuscripts should be sent to the Chief Editor.

Manuscripts submitted should not be under consideration or accepted elsewhere. Manuscripts to be considered must strictly conform with the instructions to authors.

Subscription rates 1983

For libraries, university departments, government laboratories, industrial and other multiple-reader institutions US$120.00 per annum including postage and insurance. Two-year rate (1983/1984) – US$228.00.

Specially Reduced Rates to Individuals. In the interests of maximizing the dissemination of the research results published in this important international journal we have established a two-tier price structure. Any individual whose institution takes out a library subscription may purchase a second or additional subscription for personal use at the much reduced rate of US$40.00 per annum.

Subscription enquiries from customers in North America should be sent to: Pergamon Press Inc., Maxwell House, Fairview Park, Elmsford, NY 10523, U.S.A., and for the remainder of the world to Pergamon Press Ltd, Headington Hill Hall, Oxford OX3 0BW, UK. Microform Subscriptions and Back Issues: Back Issues of all previously published volumes are available in the regular editions and on microfilm and microfiche. Current subscriptions are available on microfiche simultaneously with the paper edition and on microfilm on completion of the annual index at the end of the subscription year.
